Loving you is my dream come true.

Every moment with you is a gift life has given me.

My heart beats only for you.

With you, every day is Valentine's Day.

Our love is my greatest adventure.

You are my other half, today and always.

Every smile you give me makes my world perfect.

My love for you grows more each day.

Every smile you give me makes my world perfect.

In you, I've found my place in the world.

You are the poem my heart writes.

With you, every moment becomes eternal.

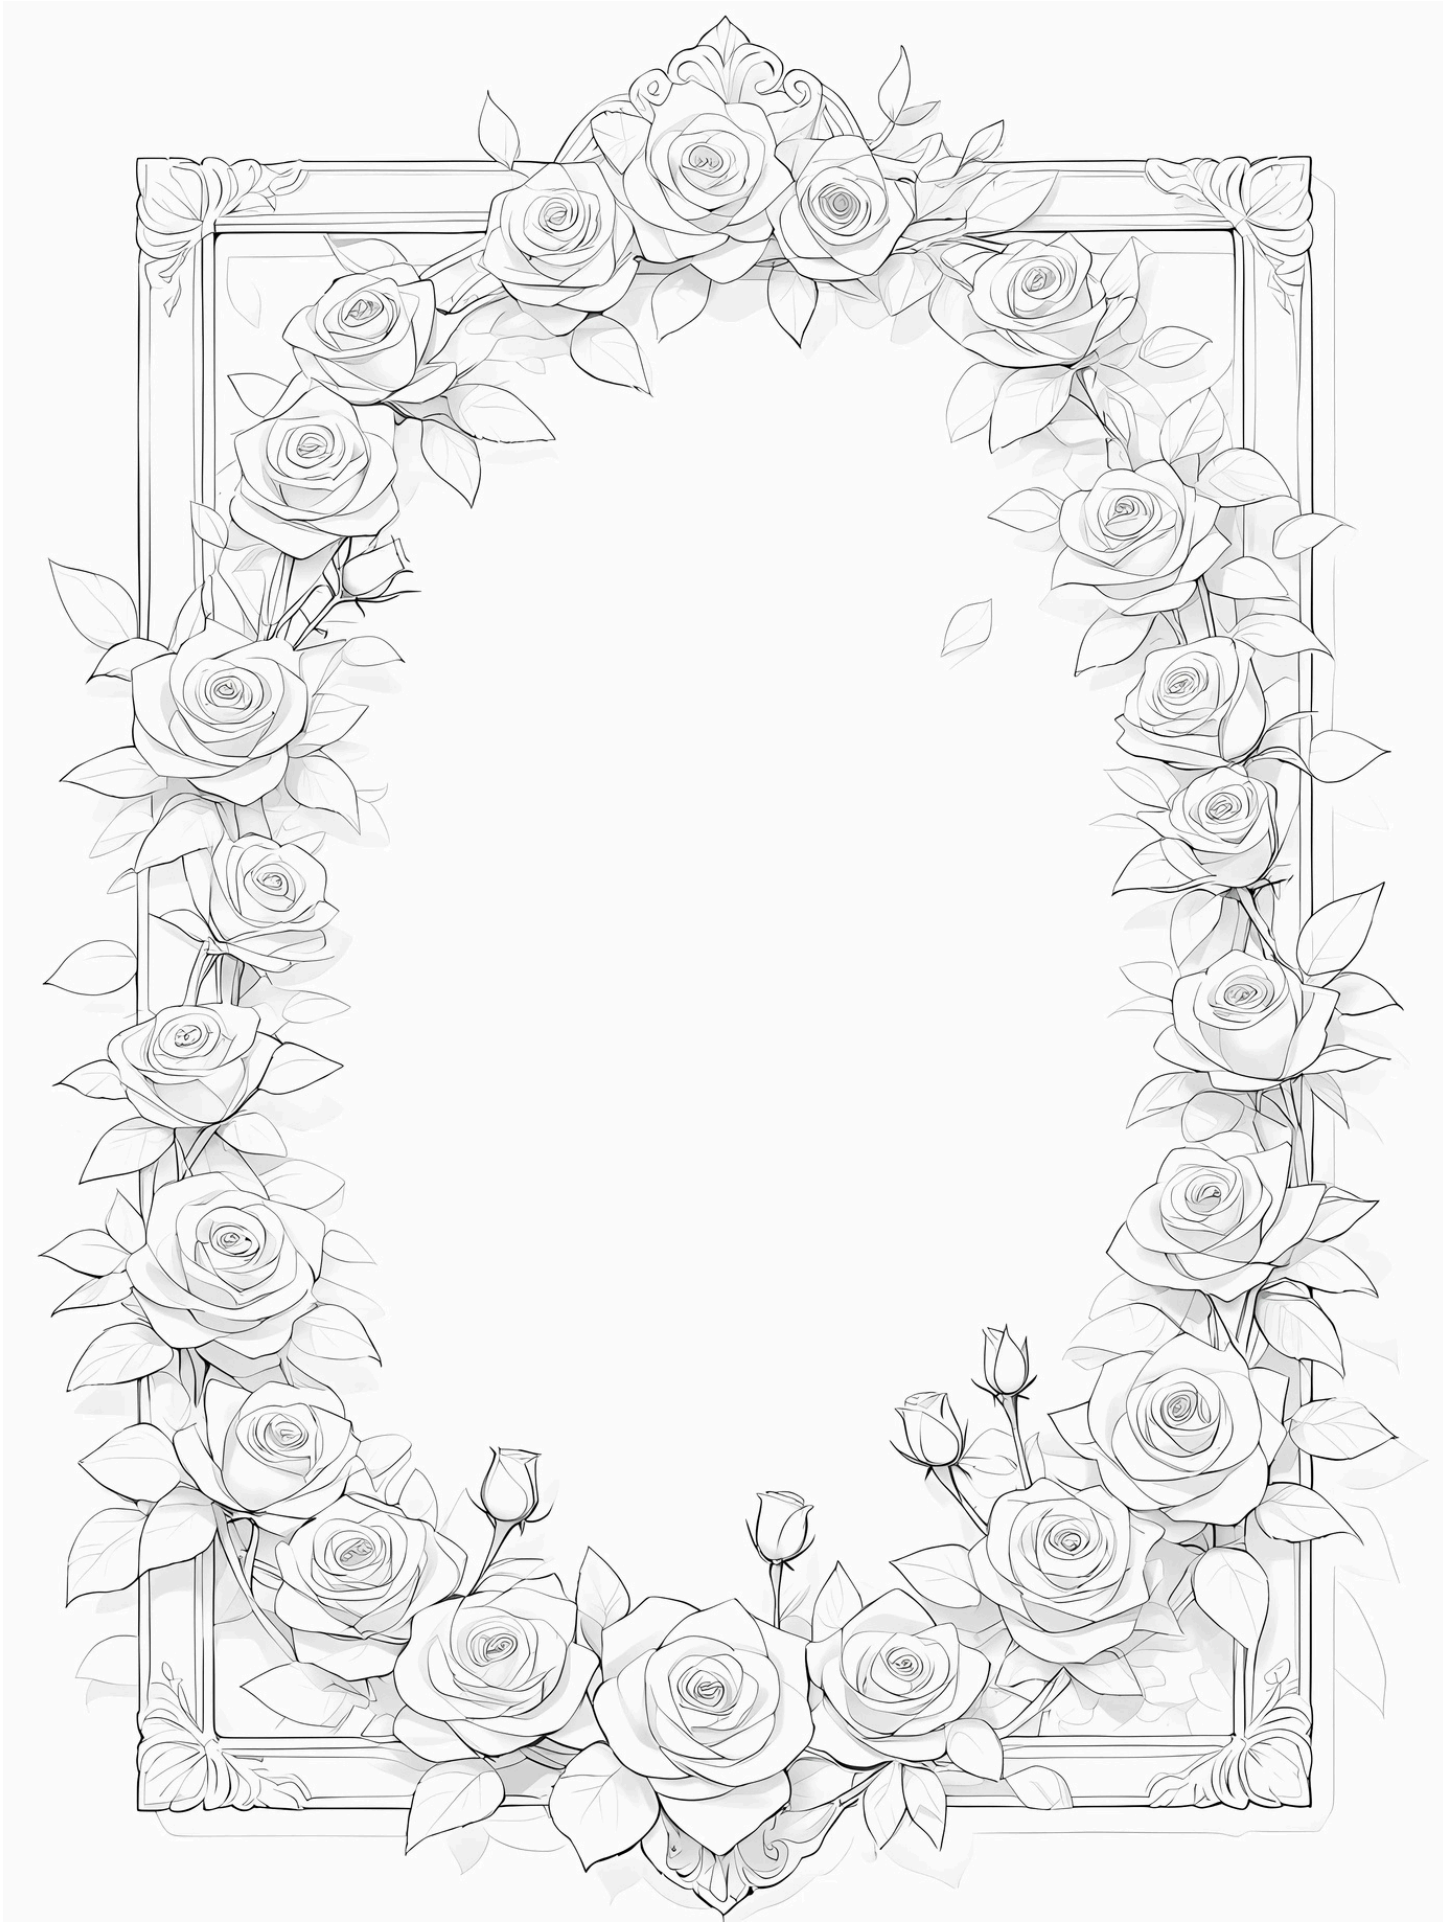

You are my happiness, my dream I never want to wake from.

Every hug with you is a safe haven.

Our love is the melody that makes life beautiful.

You are the reason I smile every morning.
